New

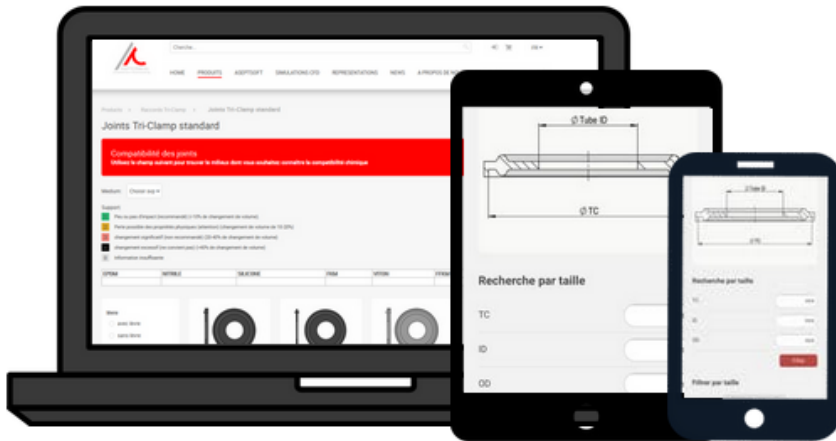

At Aseptconn we have developed an easy-to-use form for you to choose the seal that is best suited to your application.

It is available both on our website and on our mobile application.

Website: .

Mobile application available on Android and in App store: Aseptconn AG

What are the benefits?

This form can quickly help you to establish which gaskets have the best chemical compatibility. You can choose the one that best suits your needs according to the following characteristics:

- Seal material
- With/without lip
- Manufacturing standard

How to do?

1. Go to our website or mobile application
2. Indicate the media
3. Specify the characteristics of the seal
4. Order your seal directly online via the web shop
